

WAMITAB

Waste Management Industry Training and Advisory Board

WAMITAB Level 2 Diploma for Sustainable Waste Management Operative (Team Leader) (QCF 501/1446/3)

Qualification summary

Achievement of the qualification demonstrates competence by the learner to operate appropriately and in accordance with employment requirements as a Team Leader in accordance with the units selected.

The qualification is assessed 'on-the-job' using suitable waste management facilities which may include operations on the public highways or other areas accessible by the public or other persons. The structure of the qualification includes some units which are specified in other similar WAMITAB waste management qualifications.

This provides an ideal progression opportunity for learners to achieve further qualifications or specific units to match future employment requirements by building on the units and credits achieved in this qualification.

The qualification provides progression opportunities by utilising units that are common to other waste management QCF qualifications. Learners can easily progress from waste management 'operative' related qualifications into team leader roles and from this role onto supervisory and other functions.

Furthermore, earlier qualification of a similar type can, through for example, recognition of prior learning (RPL), enable progression to the learner to achieve this or other qualifications appropriate to their employment.

To achieve this qualification learners must complete 10 units (minimum credit - 38) - all of the units in Group A (the mandatory group - consisting of 34 credits), plus any two units from Group B (the optional group) and in doing so ensuring the achievement of at least a further 4 credits.

A - Mandatory Group - Learners must complete all of the units in this group.

Credit Value required: Minimum 34.

Sub-components required: Minimum 8.

Unit reference No:	Unit Title	Credit Level	Credit Value
D/601/1553	Work with others to improve customer service	3	8
J/600/7139	Conforming to Efficient Working Practices in the Workplace	2	3
T/602/1439	Maintain a healthy and safe working environment for waste management activities	2	6
T/602/1263	Working with other people	1	2
T/602/1389	Contribute to the sustainability, maintenance and preservation of the environment	2	2
M/602/1262	Comply with emergency procedures on waste management activities	2	3
M/600/9600	Set objectives and provide support for team members	3	5
Y/600/9669	Plan, allocate and monitor work of a team	3	5
