

WAMITAB Level 4 Medium Risk Operator Competence for Storage of Non-Hazardous Wastes

About this qualification

This qualification is part of the CIWM/WAMITAB Operator Competence Scheme and is designed to provide technically competent people with the knowledge and skills to ensure waste sites comply with the Environmental Permitting Regulations (England and Wales) 2007.

Achievement of this qualification demonstrates competence by the learner to manage permitted waste facilities in England for the following site activities Storage of Wastes to be used in Land Treatment.

What does this qualification cover?

To achieve this qualification, learners will need to complete the six mandatory units:

- Maintain health and safety in the waste and resource management industry (OCS01)
- Manage the environmental impact of work activities (OCS02)
- Manage the movement, sorting and storage of waste (OCS05)
- Manage the reception of non-hazardous waste (OCS12)
- Manage transfer and disposal from non-hazardous waste transfer and recovery operations (OCS24)
- Manage an inspection visit at your site from regulatory bodies (OCS65)

Who is it for?

- Technically competent managers (TCM)
- Consultants
- Site managers and supervisors
- Standard Rules: SR2010No17 (England and Wales)

Recognised by Chartered
Institute of Wastes
Management (CIWM)

July 2017, Version 2

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the WAMITAB Level 4 Medium Risk Operator Competence for Storage of Non-Hazardous Wastes do not require any other qualifications or levels of attainment. However, learners will need to be employed in a suitable position, or have access to the working environment, as the qualification is assessed 'on the job'.

What job role could this qualification lead to or support?

This qualification is ideal for new or experienced people managing waste and resource management operations that require evidence of their competence, knowledge and skills to ensure waste sites comply with the relevant legislation in England.

What next?

Once you have achieved your Operator Competence qualification, you will be required to pass a Continuing Competence assessment every two years if you wish to act as the recognised technically competent manager (TCM) on a waste site. All TCM's must be able to demonstrate that they have kept their knowledge and skills up to date.

General Information

Guided Learning Hours: 172* *this is the amount of time the average learner is expected to spend in supervised learning and practice, but may vary by learner

Total Qualification Time: 325* *this is the guided learning hours, plus the amount of time the average learner will spend in unsupervised practice and study, but may vary by learner

Credits: 32

Ofqual Number: 603/1338/9

WAMITAB Code: MROC6b

Assessment: Portfolio of evidence

Available in the following countries: England
