

WAMITAB Level 4 Medium Risk Operator Competence for Non-Hazardous Sludge and Land Spreading

About this qualification

This qualification is part of the CIWM/WAMITAB Operator Competence Scheme and is designed to provide technically competent people with the knowledge and skills to ensure waste sites comply with either:

- Environmental Permitting Regulations (England and Wales) 2007
- The Waste Management Licensing (Amendment) Regulations (Northern Ireland) 2015

Achievement of this qualification demonstrates competence by the learner to manage permitted waste facilities in England, Wales and Northern Ireland for the following site activities:

- Mobile plant for land spreading (land treatment resulting in benefit)
- Mobile plant for land spreading of sewage sludge (land treatment resulting in benefit)
- Non hazardous sludge – biological, chemical & physical treatment

What does this qualification cover?

To achieve this qualification, learners will need to complete five mandatory units:

- Maintain health and safety in the waste and resource management industry (OCS01)
- Manage the environmental impact of work activities (OCS02)
- Manage the movement, sorting and storage of waste (OCS05)
- Control work activities on a waste management facility (OCS06)
- Manage the reception of non-hazardous waste (OCS12)

Learners can then choose **one** of the following optional units:

- Manage Transfer and Disposal from Non-Hazardous Waste Treatment and Recovery Operations (OCS20)
- Manage transfer and disposal from biological treatment operations (OCS60)

Who is it for?

- Technically competent managers
- Consultants
- Site managers and supervisors
- Standard Rules: SR2010No4, SR2010No6 and SR2008No19 (England and Wales)

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the WAMITAB Level 4 Medium Risk Operator Competence for Non-Hazardous Sludge and Land Spreading do not require any other qualifications or levels of attainment. However, learners will need to be employed in a suitable position, or have access to the working environment, as the qualification is assessed 'on the job'.

What job role could this qualification lead to or support?

This qualification is ideal for new or experienced people managing waste and resource management operations that require evidence of their competence, knowledge and skills to ensure waste sites comply with the relevant legislation in England, Wales or Northern Ireland.

What next?

Once you have achieved your Operator Competence qualification, you will be required to pass a Continuing Competence assessment every two years if you wish to act as the recognised technically competent manager (TCM) on a waste site. All TCM's must be able to demonstrate that they have kept their knowledge and skills up to date. (Please note: in Northern Ireland specific Continuing Competence arrangements have still to be determined).
