Frequently Asked Questions

What is a qualification?

A qualification is nationally recognised, based on National Occupational Standards and gained in the workplace. Achieving your qualification demonstrates that you can work to the standards expected by employers in your industry.

What is the objective of this qualification?

Develop the knowledge and skills needed to work as a parking enforcement officer in the private or public parking industry throughout the UK. This qualification focuses on developing conflict management skills in those individuals employed as civil enforcement officers, parking attendants, parking enforcement officers and CCTV enforcement officers.

Who is it for?

- New entrants to the parking industry
 - Experienced workers seeking a formal qualification
-

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the WAMITAB Level 2 Award for Parking Enforcement Officers do not require any other qualifications or levels of attainment in order to take this qualification.

What job role could this qualification lead to or support?

This qualification could have significant benefits for the parking workforce as it will act as a gateway for opportunities for career progression or further education by building the confidence of employees and demonstrating that their skills have value.

The UK parking profession employs approximately 82,000 people (with 87% of these people employed in the private sector) in a wide range of occupations, compared to 569,000 people across Europe. This qualification is ideal for those employed in the following job roles:

- Civil Enforcement Officers
- Parking Attendants

Effective traffic and parking management is essential to support the sustainable growth of the UK economy as there are currently 34.5 million licensed vehicles on the roads (Juggins, 2013). Most of these vehicles spend more than 90% of the time in a car park, on the side of the road, at a station or in a garage (Juggins, 2013).

What do I need to achieve?

To achieve this qualification, you will need to complete the mandatory unit (2 credits) and select an optional pathway to achieve a minimum of 3 credits. You will need 5 credits for your Level 2 Award. Each unit covers different areas of work.

Mandatory Units

- L2P1: Managing conflict in the enforcement of parking control and management

What is a unit?

The units of a qualification describe what you must be able to do and understand to perform work activities competently in your job role.

- Learning outcomes: Describe what tasks you will be able to do as a result of learning.
- Assessment criteria: Describe what activities you will need to do and what you must know to complete each task.
- Evidence requirements: Provide a summary of the evidence you will need to prove you are competent.

What is an approved WAMITAB Centre?

You will gain your qualification through an approved WAMITAB Centre. It may be your place of work, a local college or training provider. Assessment of your qualification will be carried out at your place of work and the centre is responsible for the administration. Centre staff will therefore:

- Register you with WAMITAB.

-
- Provide a candidate registration number.
 - Apply for your certificate when you have completed your qualification or units.
-

How long will it take?

There is no time limit set by WAMITAB for you to complete your qualification. However, your centre may also have some requirements that they will explain to you.

Who will help me achieve my qualification?

The following people at the approved WAMITAB centre will help you to achieve your qualification.

Your Tutor

The tutor is the person you will have the most contact with as you work towards your qualification. They will provide the training.

External Quality Assurer

An external quality assurer is employed by WAMITAB to ensure that your centre meets the required national standards for quality and assessment.

What are my responsibilities as a candidate?

As a candidate you will need to:

- Provide your centre with your personal details so they can register you with WAMITAB.
 - Undertake training provided by the Centre.
 - Take a test which will help you demonstrate your knowledge.
 - Comply with health and safety law and regulations.
-

What steps will I need to take to complete my qualification?

1. **Planning:** your trainer will tell you about the mandatory units of the qualification and will help you to select relevant optional units.
 2. **Training:** you will complete a training course which will provide you with the knowledge to undertake the qualification test.
 3. **Feedback:** your trainer will provide regular feedback on your progress and will arrange for your test when they consider that you are ready.
 4. **Achievement:** once you have passed the test, your centre will apply for your WAMITAB certificate.
-

What are the evidence requirements for this qualification?

You will be required to undertake a Multiple Choice Question (MCQ) test. This means that for each question you will be given a number of answers and you have to select the one which you consider correct. The pass mark for the test is 70%.

Where do I go if I need more information about my qualification and assessments?

Useful Words

Approved Centre

WAMITAB Centres are training organisations that have met our strict quality standards and have been approved to deliver our qualifications to learners. They include private providers, colleges of further education, employers and prisons.

Assessment Criteria

These specify the standard that you are expected to meet to demonstrate that you have achieved the Learning Outcome. Assessment criteria are detailed enough to allow judgments to be made about your competence.

Assessor

A person who works with the Approved Centre to assess your competence against the standards set within the qualification. Assessors are qualified and experienced in the subject of the qualification you are registered for, and have the skills to plan and carry out your assessments. They will make judgments of your competence, based on the evidence you provide, and give feedback.

Competence

Competence, in relation to the qualification, describes your ability to consistently be able to undertake work activities, know and understand work-related tasks as per the requirements set out in the standards.

Evidence

You need to collect evidence to prove that you are competent as required by the standards set in the units of the qualification. There are different types of evidence, ranging from an assessor observing your work, question and answers, assignments and tests. Evidence can also be presented using photographs, audio and video files. Each unit gives guidance as to what is expected and acceptable evidence. Evidence must be authentic and your own work.

External Quality Assurer

This is an expert employed by WAMITAB to monitor, review and advise Approved Centres. The External Quality Assurer regularly visits the Approved Centre to check that all assessments are carried out correctly, to the same standard, and that all paperwork is maintained accurately and consistently. External Quality Assurers are qualified and experienced in the subject of the qualification that you are registered for. They therefore have the skills to check that the Approved Centre is operating properly and has all of the systems in place to deliver the qualification.

Internal Quality Assurer

A person who works with the Approved Centre to make sure that the assessment is carried out correctly, and that all administration of the assessment is properly managed. Internal Quality Assurers are qualified and experienced in the subject of the qualification that you are registered for, and have the skills to verify the work of the assessor for accuracy, quality and consistency.

Learner

A person who is registered to work towards achievement of a qualification – i.e. you!

Learning Outcome

These set out what you will be expected to know, understand or be able to do. Each learning outcome relates to one or more assessment criteria, and together they set a clear assessment standard for each unit.

Portfolio

This is a place where you will collect evidence to demonstrate your competence. A portfolio could be either hard-copy or electronic, but this will need to be agreed with the Approved Centre in advance. The evidence held in your portfolio must be your own work, and be clearly referenced to the units of the qualification.

Unit – Mandatory and Optional

Units form the building blocks of all qualifications that are nationally regulated. Units are small chunks of learning that focus on specific aspects of knowledge, skills and understanding. Mandatory units are those that you must achieve, and Optional units offer a range of subjects that you may choose between.

Vocational

A qualification is vocational when it relates directly to the skills, knowledge and understanding required to undertake a specific or broad job role.

WAMITAB

An Awarding Organisation for a wide range of qualifications in waste management and recycling, cleaning and street cleansing, facilities management and parking. WAMITAB is responsible for ensuring the on going quality of the delivery and assessment of qualifications, and issues certificates to learners upon completion. We have over 25 years of experience developing and quality assuring qualifications, training and course materials

Unit Terms

Analyse

Look at something (for example a process) and use given classifications or principles to gain a further understanding.

Apply

Put something into action – a “doing” task which requires “real” evidence from a workplace scenario.

Compare

Look at the characteristics of an item or activity and note the similarities and differences. This is more often used at level 1 and 2.

Critically Compare

Look at the characteristics of an item or situation, note the similarities and differences and their respective positive and negative aspects. In some cases, this can include the use of the comparison in context as the basis for decision making. This is generally used at level 3 and above.

Demonstrate

A doing verb which requires you to actually do what the assessment criteria requires. You will have to provide evidence of which clearly shows you applying your knowledge and skills to meet the requirements of the assessment criteria. The evidence for this can involve getting someone to take a picture of you completing the task or discussing the task with an assessor and recording the discussion using documentation, video, etc. Remember that it is not enough to just write about it unless the task requires this type of written evidence.

Describe

Provide a vivid picture of what it is by using imagery, adjectives and adverbs to make the subject easy to understand. It may also convey an idea or fact.

Determine

To find out or decide. This may involve research, following a set of procedures or carrying out a series of calculations to find a solution.

Develop

Build a process or activity or understanding either from scratch or using an existing product to create something workable.

Differentiate/ Distinguish

Look at the characteristics of an item or situation/ activity and explain the differences.

Evaluate/Justify

You must look at whatever the required content/process is and suggest other relevant, significant or possible outcomes. It is the process of exploring, checking and suggesting a likely outcome with reasons.

Explain

Provide a comprehensible answer that shows an understanding of the content/process mentioned. Your answer should include: what it is, how it works, what it looks like, what it does, how it happens, why it happens and any relevant reasons.

Identify

For most assessment criteria this requires the learner to list and describe what is required or relevant to produce an outcome, or requires the learner to make choices to achieve a particular aspect of their job. At levels 4, 5 and 6 this would require the learner to say what is available, make the choice and then to explain or justify why the choice was made.

Implement

Putting something into practice after the development process has taken place. This ensures that the product/process is actually employed and/or used by self and others during work activities.

List

Produce a number of relevant items which apply to the question. Further description is not required.

Manage

After a development process ensure that the product/process works using relevant management techniques.

Recognise

Be aware of, familiar with and able to identify an activity or product.

Appendix 2: WAMITAB Guidance Note - Tax Disc Related Criteria

This Guidance Note has been compiled to clarify evidence requirements for Learning Outcomes and/or Assessment Criteria related directly to Tax Discs. From 1st October 2014 Tax Discs will no longer be required to be displayed on vehicles, and this will impact qualifications where learners are required to;

- State the information held on a tax disc
- Explain the importance of recording tax disc information accurately

These criteria apply in all pathways of both the Level 2 Award for Parking Enforcement Officers, and the Level 3 Award in Notice Processing.

From 21st October 2015, all multiple choice questions relating to these criteria were removed, and learners will no longer be tested in this area. Reference to these criteria in assignments must also be removed, and Centre's will be required to update their assignment papers. Learners will not be required to provide any other forms of evidence to demonstrate competency with these areas of the standards.

This position is to be upheld by all Centres, and for all learners, until such time as further guidance and/or amendments to the qualifications are officially made by WAMITAB.
