

WAMITAB Level 2 Certificate in Local Environmental Service Skills

About this qualification

This qualification will help you to develop the skills and knowledge to maintain public outdoor spaces safely and efficiently.

Individuals with this qualification are in high demand amongst Local Authorities, private companies and contractors responsible for operating facilities and delivering a range of services to maintain local outside spaces.

Who is it for?

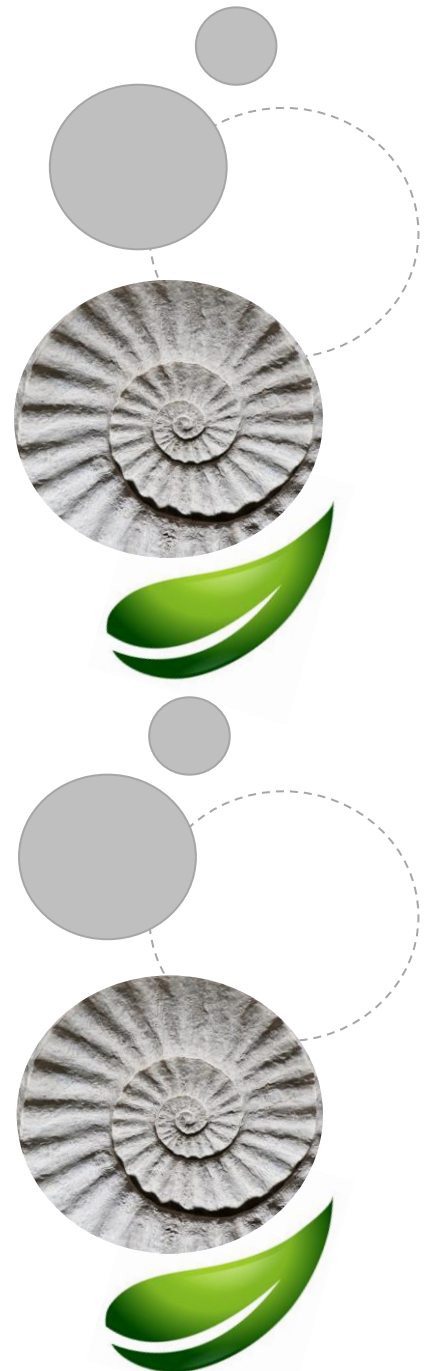

- New entrants or apprentices
- Grounds people, estate management staff or outdoor cleaners
- Experienced workers seeking a formal qualification

What does this qualification cover?

Achievement of this qualification requires a minimum of 20 credits. Learners must complete all the units in mandatory group A which are designed to ensure that they possess the necessary communication skills, personal development skills and knowledge of health and safety to perform their job role to a high standard. Learners are then expected to complete one unit from mandatory optional group B to improve their understanding of reporting procedures, team working or independent working skills.

To tailor this qualification to a learner's job role, they must then complete 3 credits from mandatory optional group C to develop their technical cleaning skills and 8 Credits from mandatory optional group D; The units in this option group cover a wide range of topics including:

- Landscaping and horticultural skills (e.g. design landscape areas, planting seeds, maintaining planted areas and clearing/landscaping horticultural sites)
- Maintaining the health, appearance and condition of sports turf
- Pest control skills
- Constructing and maintaining walls, rock gardens, drainage, paths or boundaries
- Use and maintain ride-on powered equipment, chippers, power tools or other powered equipment

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the WAMITAB Level 2 Certificate in Local Environmental Services do not require any other qualifications or levels of attainment. However, learners will need to be employed in a suitable position, or have access to the working environment, as the qualification is assessed 'on the job'.

What job role could this qualification lead to or support?

For many in the facilities management sector, this qualification will therefore act as a gateway to new jobs, opportunities for career progression and as an introduction to further education by building the confidence of employees and providing the workforce with the skills required to facilitate sector growth.

There are currently over 207,800 people employed in the facilities management sector (ONS, 2013) and this qualification is ideal for those employed in elementary occupations in the following job roles:

- Grounds people
- Outdoor cleaning operative
- Training instructor
- Caretaker
- Parks officer
- Window cleaner
- Estate management staff
- Theme Park Worker

What are the opportunities for progression to further learning?

This qualification can be taken alone, or as a component of the Local Environmental Services Apprenticeship framework. Learners that are interested in advancing their careers through further education can go onto study several qualifications at a higher level, including:

- Level 2 Certificate in Property, Caretaking and Facilities Services
- Level 3 Certificate in Facilities Management Practice
- Level 3 Certificate in Facilities Management
- Level 3 Certificate in Property, Caretaking and Facilities Services
- Level 4 Diploma in Facilities Management Practice
